THE APPLICATION PROCESS

General pointers on preparing scholarship applications.

START EARLY.

STAY ORGANIZED.

COMMIT TO QUALITY.

SELL YOURSELF.

See your counsellor
or Ms. Madsen for
support!

Reference Letters...

- Reference letters often required for PSI applications & scholarship/bursary applications
- Which teacher/counsellor knows you best?
- Give lots of lead time...**2 weeks preferred!**
- Provide information for your reference:
Scholarship Reference form available on MS Teams - Grade 12 team and Scholarship team or paper copy from your counsellor. Start with a conversation.

What does the scholarship committee and other donors look for when considering recipients?

A scholar **pursues knowledge** – not only for personal achievement but also for growth, contribution, and the betterment of their community.

Scholars combine **intellectual curiosity** with discipline, **integrity**, and a commitment to using education.

We look for students with busy schedules & who **challenge themselves** too!

How can you maximize your potential?

- **Very few** scholarship focus solely on grades. **Most** consider citizenship or potential for success.
- ***What the scholarship committee might discuss:***
 - How do you show up each day? Ready to learn?
 - Who are you in the classroom? Athletic field?
 - How do you interact with members of the Seycove community?
 - Is it obvious that education is important to you? (You manage your business. You show up on time. You **try**.)
 - What does your timetable look like? Are you challenging yourself?

Imagine you had a company and your money and your reputation were on the line:

- ***Who would you hire?***
- Be that person.

Local Scholarships

- Applications available December 2026- *Ms. Madsen will go to CLC classes to introduce.*
